About the Program

The NEC Star Student Program helps institutions acquire visual displays needed to share information, engage and move students to new levels of discovery, without straining your budget. Not only does NEC enable your school with the most advanced display technologies, but we do it with benefits worthy of a gold star!

Star Student is valid for public or private, accredited, not-for-profit educational institutions involved in K-12 schools, colleges, universities, home schools, or administrative school districts in the US or Canada.

Automatic extended warranties on most NEC large format displays and projectors models are included with an NEC Star Student membership. As long as your school is enrolled prior to the NEC purchase, the warranty will be automatically updated with the extension.*
